APPLICATION FOR PLANNED UNIT DEVELOPMENTS

PRE-APPLICATION MEETING

It is recommended that you meet with one of the Department's planners prior to filing to discuss zoning and related matters associated with your application and the process involved. Approval of a Planned Unit Development requires final action by the City Council. Please note that any information provided at this stage is technical and for your use in considering the requirements and viability for your application.

EARLY NEIGHBORHOOD NOTIFICATION AND MEETING PROCESS

In accordance with Section 6.01(c), of the Unified Development Code, an early neighborhood notice meeting is required to be held prior to the submittal of the following application types: rezoning of property; planned unit developments; conditional uses; day care centers, hazardous & obnoxious uses, the Rivertown Historic District, and any other application the Planning Department deems necessary. The meeting is meant to provide the applicant the opportunity to present the proposal, and be responsive to neighborhood concerns early in the process, while neighbors have the opportunity to ask questions and provide comment to the applicant.

WHO IS INVOLVED?

The meeting primarily occurs between the applicant and surrounding property owners and/or residents within approximately 250 feet (depending on the specifics of the proposal) of the subject property. The recognized neighborhood or civic association, or respective city council office may assist in setting up the meeting. The City Administration has no key role in the meeting.

NEIGHBORHOOD MEETING PROCESS:

1. The applicant shall contact the appropriate recognized neighborhood or civic association proposing three possible dates and times for the meeting. If the association does not respond within fourteen days, the applicant may contact the respective city council office for assistance in setting up the meeting.
2. The meeting must be held at a location within the city that is in, or as close as practical to the subject property.
3. Once a date, time and location has been confirmed, the applicant will mail the following information to the property owners, and occupants of property within 250 feet, or as determined by the Planning Department, the following information:
 - The necessary meeting information, including date, time and location; and
 - A brief description of the nature and location of the proposal.
 - Although not require, a conceptual site plan would be useful.
4. If all reasonable attempts by the applicant fail to produce a meeting within 45 days of the written request, the community or neighborhood will lose its right to an early notice meeting.
5. Following the early neighborhood notice meeting, the applicant must provide the neighborhood meeting report along with the formal application, delineating concerns raised at the meeting as well as any actions taken to assuage or mitigate these concerns.

The following is a sample neighborhood meeting report that you should include in your submission:

2. Meeting Date & Time: _____
3. Meeting Location: _____
