

Health4Me

# Your employees' health care resources, in their hands.

UnitedHealthcare Health4Me™ provides your employees with instant access to their health care information — anytime/anywhere. Whether they want to find the nearest physician, check the status of a claim or speak directly with a health care professional, Health4Me is their go-to resource.

## It's responsive.

The Easy Connect service lets us know of anything your employees may need help with. A representative will get back to them with information about claims, benefits and more without having to wait on hold.

## It goes where you go.

Use the location search feature to find a physician or facility nearby. Whether your employees need a specialist or general practice, the largest selection of network doctors is at their command.

## It simplifies.

Each employee can add their most commonly used contacts to the "Favorites" tab. Now searching for their child's pediatrician or dad's physician is simply a touch away.

## It's personal.

From emailing health plan ID card information to checking on medical spending accounts, Health4Me is the resource that is designed to work for the individual. And each member's personal information is absolutely confidential.

## Key features include\*

- Search for Physicians or Facilities by location or specialty
