

CITY OF KENNER STATE OF THE CITY ADDRESS

November 28, 2012

For Immediate Release

Kenner Mayor Delivers 2012 State of the City Address

The City of Kenner's annual State of the City Address was presented yesterday by Mayor Michael S. Yenni at the Kenner Professional Business Association's November meeting held at Chateau Golf and Country Club. The audience of nearly 150 listened eagerly as Mayor Yenni reviewed the many accomplishments made since his last address in November of 2011. He discussed progress in categories of public service such as economic development and quality of life, as well as infrastructure and corridor development. He also provided a progress report on Kenner's sewerage system repairs and flood protection programs.

In addition to discussing city projects, Mayor Yenni included information regarding Kenner's current financial state and indicated that although the city found itself with another shortfall this past budget year, public services were still maintained amidst further budget cuts. His speech was infused with hope for further progress and future prosperity for Kenner.

Mayor Yenni stated, "We need to ensure that Kenner's greatest days are yet to come, and together, we will. Every time we think we reach a new limit for new challenges, we realize that challenge may be limitless. This is a time for leadership and we will do what is hard. We will achieve and accomplish great things."
