

KENNER BEAUTIFICATION PROJECT

March 15, 2012

For Immediate Release

Williams Boulevard and Vintage Blvd. Intersection Beautification Project - Ground Breaking Ceremony

Mayor Michael S. Yenni and the Kenner City Council announce the Williams Blvd. and Vintage Blvd. Beautification groundbreaking ceremony which will take place on March 23, 2012 at 3:00 p.m. The project will be constructed on the east side median of Vintage and Williams Blvd. (directly across from Walgreen's). The improvements will consist of installation of trees, shrubs, ground cover, a landscape irrigation system, functional lighting, landscape wall and wall columns. The project is being performed by Louisiana Landscape Specialty, Inc.

Former Kenner and current Jefferson Parish Councilman Ben Zahn stated, "I am proud to have worked with Mayor Yenni in this beautification project, and feel confident that this will enhance the city's effort to further develop Laketown and Kenner's attractive view of Lake Pontchartrain. This will enhance the entrance to Laketown where residents from most every council district travel through this intersection on a daily basis. There are few projects that have excited me more than this beautification project.

Interim Councilman John DeHaven was quoted as stating "I'm delighted to be a part of the Vintage-Williams beautification project in District 3. The project was arranged and funded by former Councilman Ben Zahn along with the At Large Council members Michele Branigan and Jeannie Black. This is just another instance of the City Council working together for the betterment of Kenner". In closing, "there will be many more beautification projects that will happen this year that will make the citizens of Kenner very proud".
