

## LIFT STATION

*April 26, 2012*  
*For Immediate Release*

### **33<sup>RD</sup> & CONNECTICUT LIFT STATION HAS BEEN COMPLETED**

Work to elevate the equipment at 33<sup>rd</sup> & Connecticut Lift Station has been completed. This is the third sewer lift station in Kenner to receive adjustments to elevate equipment to the 100-year base flood elevations. In addition to 33<sup>rd</sup> & Connecticut, the other stations include 42<sup>nd</sup> & Illinois and Chateau Magdelaine. These lift station approvals have been granted by the Louisiana Dept. of Environmental Quality and the Louisiana Department of Health and Hospitals. These adjustments will be completed at no cost to the City of Kenner.
