

MICHAEL S. YENNI
MAYOR

CITY OF KENNER

PRESS RELEASE

FOR IMMEDIATE RELEASE
Dec. 30, 2015

GROUNDBREAKING SCHEDULED TODAY WILL BE HELD ON MONDAY

Kenner, LA. – Today's scheduled groundbreaking for the first project in the Kenner 2030 Program to beautify and improve major corridors throughout the city has been rescheduled due to the stormy weather and will be held Monday at 10:45 a.m.

The groundbreaking will take place at the corner of Vintage Drive and Power Boulevard.

Onshore Materials, LLC was the low bidder on the Erlanger Road project at \$830,216. The project calls for a variety of improvements to the median between Vintage Drive and the lake, including a combination pedestrian/bike path with lighting, landscaping, public art and other amenities. The project is expected to take about nine months to complete.

For more information on Monday's groundbreaking, contact Public Information Officer Bob Ross at (504) 468-4091.
