RIBBON-CUTTING ON THURSDAY FOR ERLANGER WALKING PATH

Kenner, LA. – Acting Mayor Michael Sigur and other city officials will be present Thursday at 11 a.m. for a ribbon-cutting on the extension of the walking path from Erlanger Road to Lake Pontchartrain.

The \$830,000 project is part of the 2030 Plan, which includes nine projects focusing on improving and beautifying the major corridors in the city. The Erlanger project is the first of the 2030 projects to be completed.

Onshore Materials, LLC, was the low bidder on the project, which includes lighting, decorative metal benches and drainage improvements. Landscaping included the addition of 49 Sweet Bay magnolia trees, 49 Fringe trees and 31 American Hollies.

“The extension of this walking path has already proven to be very popular,” Kenner Acting Mayor Michael Sigur said. “It is the type of improvement that is at the heart of the 2030 Plan – it has beautified that area and is also something that people of all ages – and their pets – are enjoying,” he said.

The ribbon-cutting will take place at Erlanger Road and Vintage Drive.

Two other 2030 projects are underway and design work has begun on the other six, officials said.
