

# CITY OF KENNER

## PRESS RELEASE

**MICHAEL S. YENNI**  
Mayor

**FOR IMMEDIATE RELEASE**  
**January 28, 2014**

### **SEVERAL KENNER BRIDGES ICE OVER; RESIDENTS URGED TO EXERCISE EXTREME CAUTION**

The Kenner Department of Public Works and the Kenner Police Department are working to deploy barricades and sand to the following bridges, which are iced over at this time:

- Crestview at Veterans Blvd.
- Crestview at 26<sup>th</sup> Street
- Vintage at the Duncan Canal
- 32<sup>nd</sup> Street near the entrance to the Esplanade Mall
- West Esplanade at the Duncan Canal
- Vintage at Power Blvd.
- Joe Yenni at the Duncan Canal
- East Loyola at Joe Yenni
- West Loyola at Joe Yenni

Lit barricades and sand are being disbursed to each site, but these tools do not ensure the safety of motorists. The bridges listed above are being assessed, however any bridge over a body of water will ice in the type of weather conditions we are experiencing at this time and should be avoided if possible.

Residents are urged to stay off of roadways until the conclusion of this winter storm event, and if driving is unavoidable, motorists should exercise extreme caution.
