STATUE INSTALLED ON MEDIAN IN FRONT OF KENNER DISCOVERY HIGH SCHOOL

Kenner, LA. – Kenner Mayor Ben Zahn and Councilman Brian Brennan announced that a statue of the Swamp Owl mascot has been installed in the Loyola Drive median in front of the Kenner Discovery Health Sciences Academy High School at Vintage and Loyola drives.

"We'd like to thank Henry and Pat Shane for this generous donation, and for donating the artwork that beautifies Power Boulevard and other areas of our city," Mayor Zahn said.

This statue is of particular importance because of its connection to the Kenner Discovery High School. Mayor Zahn and Councilman Brennan said they are excited for Kenner to have a brand new Jefferson Parish school.

This beautiful, state-of-the-art facility features specially-designed classrooms and resource rooms. The 125,000 square-foot building includes nine science labs, a teaching kitchen, counseling center, co-curricular area, cafeteria and library/media center.

Groundbreaking for the school took place in February 2019. A ribbon cutting for the new high school will be held on March 26.
