

KENNER'S PARKS AND RECREATION DEPARTMENT ANNOUNCES THE AVAILABILITY OF ONLINE REGISTRATION FOR ITS LEISURE SERVICES DIVISION VIA THE CITY'S WEBSITE

March 21, 2013

For Immediate Release

KENNER, LA– This month, Mayor Mike Yenni is proud to announce the availability of another online service offered by the City of Kenner. March 1, 2013, the Department of Parks and Recreation's Leisure Services Division launched its online registration and payment processing via credit card. After only three weeks, the participation and positive response to this service is tremendous.

The Parks and Recreation Department's Leisure Services Division has offered various programs for adults and children of all ages for many years. Some programs include ceramics, tumbling, dancing, group exercise, various art classes, and many more. While all programs are consistently well attended, the added convenience of online registration and credit card payment processing is sure to keep these programs thriving.

"I look forward to the increased efficiency that this process brings to the Parks and Recreation Department and the added convenience for participants of our Leisure Services programs," said Ken Marroccoli, Director of the Department of Parks and Recreation. "We are continuously looking for opportunities to improve services and this is a major step for us."

Mayor Mike Yenni added, "I am excited to bring another online service and added convenience to the Kenner residents and participants in the Leisure Services program outside of the city. A major priority of my administration, I will continue to focus on implementing more online services as well as convey city information via social media and the Kenner website."

For access to online registration and payments, please visit the Leisure Services page of the Kenner website at http://www.kenner.la.us/pages/section_16_286.asp.

For more information, please contact Kerri McGovern Diaz, Leisure Services Manager at 504-468-7268.
