Kenner Recognized as 2016 Playful City USA Community

257 communities exhibiting Playability to be recognized as part of 2016 Playful City USA Program

Kenner, LA – Kenner is again being honored with a 2016 Playful City USA designation. Celebrating its 10th anniversary, the national recognition program honors cities and towns across the country for making their cities more playable.

“We have been lucky enough to have received this award in the past, and it is a recognition of the hard work of our Recreation Department and the willingness of our City Council to make the kids in our community a priority,” Acting Mayor Michael Sigur said.

Kenner is one of only six cities in the state to receive the recognition, and this year marks the 8th time Kenner has been named a Playful City.

Communities across the country are creating innovative ways to bring back play and attract residents through family friendly activities. Interactive sidewalk art, designated play spaces on trails and the transformation of schoolyards into active play areas are just a few examples of how cities are becoming more playful.

“We are thrilled to recognize these communities that have invested their time and efforts to put kids first,” said KaBOOM! CEO James Siegal. “*Balanced and active play* is crucial to the well-being of kids and the communities that they thrive in. By integrating play into cities, the leaders of Playful Cities USA are working to attract and retain the thousands of families that want homes in close proximity to safe places to play.”
