POWER OUTAGE REPORTED IN EAST-CENTRAL AND SOUTHEAST KENNER

Kenner, LA. – An insulator failure at Entergy’s Snake Farm substation at David Drive and Airline Highway Monday left a total of more than 11,000 customers in Kenner, River Ridge and Metairie without power.

There was no immediate count on Kenner customers affected, but the majority of customers were just outside of the city. The outage extended both east and west of David Drive, as well as further south to include the Zephyr Field area and much of River Ridge just east of Kenner.

According to the Entergy website, most of the outages were expected to be restored by 9:30 a.m.
