CITY OF KENNER AWARDED KEEP LOUISIANA BEAUTIFUL GRANT

Kenner, LA. – (MARCH 28, 2023) The City of Kenner has received a beautification grant in the amount of \$3,750 as part of Louisiana's Keep Louisiana Beautiful campaign.

Since 2004, Keep Louisiana Beautiful has awarded grants to local communities and is designed to inspire community pride and encourage community action. This grant award will support the rehabilitation of the flower beds surrounding Kenner's historic LaSalle's Landing. The beautification project, which includes a nationally registered butterfly garden, will also include the planting of several native Louisiana plants and placement of signs to serve as an environmental education space for visitors.

The project partners with the LSU Agriculture Center, as well as other community volunteers, and implementation will begin on April 17 as part of Louisiana's Love The Boot Week, which is Louisiana's largest litter removal effort, where over 280 beautification events take place across the state.

"The opportunity to receive funds to beautify this area is both exciting and greatly appreciated. This is a great way to take ownership of our community, and I encourage Kenner residents and business owners to also participate in Love The Boot Week by organizing or taking part in a clean up event. I'm also proud that we were able to tie this revitalization project into Love The Boot Week, a week that concentrates on taking pride in our communities," said Mayor Mike Glaser.

For more information regarding Kenner's beautification project or to participate in Love The Boot Week, please visit [keeplouisianabeautiful.org](https://www.keeplouisianabeautiful.org).
