FEMA may establish a **Disaster Recovery Center (DRC)** in areas affected by a major disaster. A DRC is a readily accessible facility or mobile office where applicants may go for information about FEMA or other disaster assistance programs, or for questions related to your case. Some services may include:

- Guidance regarding disaster recovery
- Clarification of any written correspondence received
- Housing Assistance and Rental Resource information
- Answers to questions, resolution to problems and referrals to agencies that may provide further assistance
- Status of applications being processed by FEMA
- SBA program information if there is a SBA Representative at the Disaster Recovery Center site

The **FEMA Disaster Recovery Center (DRC) Locator** allows individuals to search for DRCs nearest to their location. DRC Locator also provides additional information about each DRC, such as hours of operation, services offered, and driving directions to the DRC.
