Kenner, LA. – (May 17, 2024)

## **City of Kenner Administrative Offices Close Due to Unresolved Power Outages at City Buildings; Tonight's Music in the Park Canceled**

City of Kenner administrative offices are closed due to unresolved power outages at city buildings.

“At this time, operations are halted. These office buildings do not have an estimated restoration time from Entergy,” said Mayor Glaser on the decision to close.

In addition, tonight’s Music in the Park concert scheduled for 6:30pm at Heritage Park is canceled as there is no electricity at the site and the weather forecast calls for another round of potential severe weather.

Garbage collection will continue today as regularly scheduled. City crews are out clearing streets of debris and ensuring all roadways are passable. Storm drains and catch basins are being cleaned out in anticipation of additional rainfall, and we ask for residents and businesses to assist by making sure drainage is clear.

City of Kenner administrative offices will resume normal hours of operation Monday, May 20, 2024 at 8:30am.
