

PUBLIC ASSISTED EVACUATION PROCEDURES

Use Public Transportation to Evacuate If Needed

When Jefferson Parish is placed under an Emergency Declaration by the Parish President, and a MANDATORY evacuation ordered, the Parish Public Assisted Evacuation Plan (PAEP) will be implemented. Regularly scheduled fixed route bus service offered by Jefferson Parish Transit Service will be replaced with the Hurricane Evacuation System. (See map)

Jefferson Parish Transit will operate hurricane evacuation routes to bring transit riders to Parish Pick-up Points or Evacuation Points where they will be processed and transported by bus out of the Parish to a state shelter. Buses will run along the routes shown on the Hurricane Evacuation System Map for Jefferson Transit.

Note: The Hurricane Evacuation routes may be different from the regular JP Transit routes. Please check the Hurricane Evacuation Maps regularly for updates and changes (www.jeffersontransit.org).
